

Procurement Quotes — Major Equipment & Civil Works

Zava Capex Project — Site A · Pre-FID procurement review · 2026-05-10

1. Major Plant & Equipment

Package	# Bidders	Lowest MYR M	Highest MYR M	Recommended	Note
Process line A	4	78.0	98.0	Bidder 2 @ 84.0	Best balance of price + capability
Process line B	3	62.0	78.0	Bidder 1 @ 64.0	Lowest with strong references
Utilities & boiler	4	22.0	29.0	Bidder 4 @ 24.0	Energy efficiency premium justified
Storage & handling	3	18.0	22.0	Bidder 1 @ 19.0	Adequate
Automation / DCS	3	14.0	22.0	Bidder 2 @ 16.0	Open architecture preferred
Electrical & instrumentation	5	12.0	18.0	Bidder 3 @ 13.5	Local content qualifying
Total plant & equipment	—	206.0	267.0	220.5	—

2. Civil & Building Works

Package	# Bidders	Lowest MYR M	Highest MYR M	Recommended	Note
Earthworks & foundations	5	48.0	62.0	Bidder 2 @ 52.0	Adequate
Main building structure	4	58.0	72.0	Bidder 3 @ 64.0	Local content qualifying
Mechanical & electrical fit-out	4	22.0	28.0	Bidder 4 @ 24.0	Strong HSE record
Roads, fence, landscaping	3	12.0	16.0	Bidder 1 @ 13.0	Adequate
Total civil & building	—	140.0	178.0	153.0	—

3. Total Procurement Position

Total of recommended packages: MYR 373.5M (vs Capex Model Base allocation of MYR 392M for these line items — MYR 18.5M underrun if all awarded at recommendation).

4. Outstanding Procurement

IT & automation, commissioning services, working-capital items — not yet tendered. Expected total MYR 110-130M.

5. Key Commercial Terms (proposed)

Payment milestones — 10% advance, 60% progress, 20% commissioning, 10% retention.

Liquidated damages — capped at 10% of contract value for delay.

Performance bond — 10% of contract value.

Warranty — 24 months from commissioning for major plant, 12 months for civil.

6. Risk Notes

- 2 process-line bidders have constrained capacity — early award required to lock slot
- Steel pricing volatility — civil packages contain CPI-linked escalator capped at 8% over the project
- Local content rules — meeting minimum 30% throughout supply chain
